The “Housing Element” is one of the mandatory elements of the General Plan and is required by State law to be updated every five years. The Housing Element is intended to adequately plan for the existing and projected housing needs of the community, including a fair share of the regional housing need. This Housing Element Update will cover the period from 2006 to 2013. Learn about the latest requirements for the Housing Element, including recent State mandates and legislation that will need to be addressed. Share your thoughts and ideas about the housing needs and opportunities within Yuba County.
